3 Bedrooms | 4.5 Bathrooms | 4,076 Sqft

This beautifully custom-built 3-bedroom home with a dedicated media room was thoughtfully designed with comfort, accessibility, and everyday luxury in mind. From the moment you enter, you'll notice the spacious layout, oversized bathrooms, and extra-large closets that provide both convenience and flexibility for a variety of lifestyle needs. The home features a primary bedroom suite complete with a private in-room office, which can be closed off with pocket doors for added privacy. Just steps from the primary suite, you'll find a generously sized, air conditioned workshop with direct access to the garage. The upstairs private suite is complete with its own kitchenette -- perfect for guests, extended family, or a live-in caregiver arrangement. Accessibility-focused design elements are seamlessly integrated throughout, including wide, open spaces and specialized lift systems in both bathrooms to provide additional support and ease of use. The home is surrounded by beautiful views of the pool and filled with abundant natural light throughout. Enjoy your own backyard retreat featuring a private pool, complete with a chair lift system for easy and convenient access. A dedicated media room enhances the home, featuring Sonos surround sound and a stunning planetarium dome, allowing you to enjoy a view of the stars while watching your favorite
