BACK ON THE MARKET and looking better than ever. The driveway has been power washed and the front exterior freshly painted, adding to the curb appeal of this well-maintained 3-bedroom, 2-bath home in Lafayette's Lafitte's Landing. Inside, the open-concept layout connects the living, kitchen, and dining areas for an easy flow throughout the main living space. Stained concrete floors, custom blinds and drapes, and window tinting add both style and functionality. The kitchen overlooks the living area and offers plenty of space for everyday use and gatherings. Outside, custom paver stones extend across the patio and into the backyard, creating a low-maintenance outdoor area. Additional updates include a new roof installed in July 2026. The property is located in an area where flood insurance is not required. You will love the neighborhood park, which features a stocked pond and playground amenities. Conveniently located near shopping, dining, and everyday amenities, this home is officially back on the market and ready to be seen. Schedule a tour to see this home in person.
