If you've been looking for a home with more space, privacy, and a backyard you'll actually want to use, 102 Bald Eagle Drive deserves a look. Sitting on a generously sized lot, this home offers a rare private backyard setting with mature trees, a wooded backdrop, and no rear neighbors. Inside, vaulted ceilings and abundant natural light give the living areas an open, airy feel, while the fireplace creates a comfortable focal point for the main living space. The kitchen features plenty of cabinetry, stainless steel appliances, and an easy flow into the surrounding living areas. Step outside and the property really stands apart. The large covered patio and additional outdoor space give you plenty of room for grilling, entertaining, relaxing, or enjoying the peaceful backyard. A detached workshop with air conditioning and electricity adds even more flexibility for hobbies, projects, storage, a home workspace, or your own private retreat. Homes with this combination of indoor space, backyard privacy, outdoor entertaining, and a finished workshop are hard to find. Schedule your private showing and come see everything 102 Bald Eagle Drive has to offer.
