4 Bedrooms | **2** Bathrooms | **2,700** Sqft

This well-built brick-on-slab home offers 4 bedrooms and 2 full baths with a comfortable layout designed for everyday living. The home features spacious bedrooms, a roomy kitchen with gas stovetop, convenient snack bar, and a separate dining room perfect for gatherings. Separate living room with foyer give the home more welcoming features. Enjoy the large backyard, complete with two additional buildings that offer endless possibilities. With a little renovation, these structures could be transformed into separate living quarters, guest space, workshop, hobby studio, or storage. A great opportunity for buyers looking for space, flexibility, and potential!
