POOL + GENERATOR - Get ready for summer in your new home at 528 N Moss Street! This amazing home has all the benefits you've been looking for at an affordable price. Yes, it has an amazing pool to entertain and cool off over the summer. There is an additional structure that functions as a secondary living suite (mother-in-law suite) OR a really great pool house. There is a bonus workshop/storage space on the back of the secondary living structure, giving you even more storage. Don't worry about hurricanes or loss of power, this home comes with a whole home generator to keep you safe in the worst of storms or power outages. The home itself has been owned by the same couple for over 35 years. It has been meticulously cared for with various updates throughout the years. However, you can bring a paint brush and your favorite Pinterest boards to put your own touch on it. This home gives you a lot of bang for your buck, so go see it today and make this one YOURS before summer hits!
