Beautifully renovated and offering an incredible amount of space, this home is one you need to see in person to fully appreciate. The interior has been thoughtfully updated while maintaining the generous room sizes and character that make established homes so desirable. The kitchen is truly the centerpiece, with an impressive amount of cabinetry, quartz countertops, stainless appliances, gas range, custom vent hood, decorative backsplash, open wood shelving, and a large contrasting island with a warm wood top. A separate built-in coffee or serving station provides even more cabinetry and workspace. One of the biggest surprises is the amount of living space. Multiple gathering areas provide plenty of room to spread out, entertain, work from home, or create spaces that fit your lifestyle. The large den features a fireplace surrounded by built-in cabinetry, while oversized windows bring natural light throughout the home. Updated flooring and a light, neutral color palette give the interior a fresh, cohesive feel. The bathrooms have been beautifully renovated with quartz countertops, updated vanities, modern fixtures, oversized mirrors, and tiled tub and shower surrounds.
