Run, don't walk, to this immaculate 4-bedroom home with a pool in central Lafayette. This home sits high and dry on a large lot in a cul-de-sac in Acadiana Place subdivision which is 2 minutes from Wal-Mart, Sam's, restaurants, grocery stores, and hospitals. Get relief from the summer heat in the chlorine-and-liner pool, added in 2008; it goes from 3-5' deep. The sellers added double-pane windows in 2024, a new AC in 2025, and replaced all carpet in 2026. The kitchen has been renovated to offer an open floor plan, and the roof was replaced in 2017.
