This beautiful home in Whispering Pines has all the best features. There is a 16 X 48 RV shed and storage area complete with sewer connection and a 50 AMP electrical connection. The garage is roomy enough for two cars and your favorite toy whether it is a boat or side by side. The generator ensures that the homes comfort is never interrupted. Inside this split floor plan is a large primary bedroom with roomy bathroom and a walk-in closet. The living room is spacious with lots of natural lighting that can be dimmed by plantation shutters on the front of the home and a cozy fireplace for the perfect evening. Just down the hall are spacious bedrooms with walk-in closets. Going back, the kitchen opens up into a large area with a nice place for a breakfast table. The island offers additional cabinet space. The backyard has a covered patio and is fenced in for safety. It is always nice to enjoy the golfers that pass by as they battle the 5th hole of the neighboring course. There is plenty of room for large gatherings or place for the pets to have a little freedom from the indoors. Schedule a showing today! Wow! Don't forget about the full service generator that was installed a year ago. The 5 ton HVAC system was also replaced just two years ago! Motivated seller!
