4 Bedrooms | 3 Bathrooms | 2,100 Sqft

If you've been searching for a home with beautiful living spaces, a flexible floor plan, and room to spread out, this one deserves a closer look. The open-concept living area flows into a bright kitchen featuring crisp white cabinetry, granite countertops, stainless steel appliances, a large island, and plenty of storage. With 4 bedrooms and 3 bathrooms, the home offers a rare bonus -- TWO primary en suites, providing excellent flexibility for guests, multigenerational living, or anyone wanting a little extra privacy. Outside, a large screened-in patio overlooks the spacious backyard and beautiful mature trees, creating the perfect spot for relaxing or entertaining. You'll also find a 6-car covered carport and a 12x30 shop with electricity, ideal for storage, hobbies, projects, or recreational equipment. With its thoughtful layout, inviting indoor and outdoor spaces, and exceptional storage, this home offers so much more than meets the eye. Schedule your private showing and come see all it has to offer!
